Independent Auditor's Report

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable James Kay, Woodford County Judge/Executive
Members of the Woodford County Fiscal Court

Opinions

We have audited the accompanying financial statement of the Woodford County Fiscal Court, which comprise the Statement of Receipts, Disbursements, and Changes in Fund Balances – Regulatory Basis, for the year ended June 30, 2025, and the related notes to the financial statement.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the receipts, disbursements, and changes in fund balances – regulatory basis of the Woodford County Fiscal Court, for the year ended June 30, 2025, in accordance with the financial reporting provisions of the Kentucky Department for Local Government as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Woodford County Fiscal Court as of June 30, 2024, or changes in net position or cash flow thereof for the year ended June 30, 2025, or the changes in net position or cash flows thereof for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Fiscal Court Audit Guide* issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of Woodford County Fiscal Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statement is prepared by the Woodford County Fiscal Court on the basis of the financial reporting provisions of the Kentucky Department for Local Government, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirement of the Kentucky Department for Local Government. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable James Kay, Woodford County Judge/Executive
Members of the Woodford County Fiscal Court

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the financial reporting provisions of the Kentucky Department for Local Government. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Woodford County Fiscal Court's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Woodford County Fiscal Court's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Woodford County Fiscal Court's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable James Kay, Woodford County Judge/Executive
Members of the Woodford County Fiscal Court

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole of the Woodford County Fiscal Court. The accompanying Budgetary Comparison Schedules are presented for purposes of additional analysis and are not a required part of the financial statement; however, they are required to be presented in accordance with the financial reporting provisions of the by the Kentucky Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedules are fairly stated in all material respects in relation to the financial statement as a whole.

Other Information

Management is responsible for the other information included in this report. The other information is comprised of the schedule of capital assets but does not include the financial statement and our auditor's report thereon. Our opinions on the financial statement does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statement, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statement, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 23, 2026, on our consideration of the Woodford County Fiscal Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Woodford County Fiscal Court's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Woodford County Fiscal Court's internal control over financial reporting and compliance.

Respectfully submitted,

WOODFORD COUNTY
NOTES TO FINANCIAL STATEMENT

June 30, 2025

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statement of Woodford County includes all budgeted and unbudgeted funds under the control of the Woodford County Fiscal Court. Budgeted funds included within the reporting entity are those funds presented in the county's approved annual budget and reported on the quarterly reports submitted to the Department for Local Government. Unbudgeted funds may include non-fiduciary financial activities, private purpose trust funds, and internal service funds that are within the county's control. Unbudgeted funds may also include any corporation to act for and on behalf of, and as the agency and instrumentality of the fiscal court in the acquisition and financing of any public project which may be undertaken by the fiscal court pursuant to the provisions of Kentucky law and thus accomplish a public purpose of the fiscal court. The unbudgeted funds are not presented in the annual approved budget or in the quarterly reports submitted to the Department for Local Government.

B. Basis of Accounting

The financial statement is presented on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves the reporting of fund balances and the changes therein resulting from cash inflows (cash receipts) and cash outflows (cash disbursements) to meet the financial reporting requirements of the Department for Local Government and the laws of the Commonwealth of Kentucky.

This regulatory basis of accounting differs from GAAP primarily because the financial statement format does not include the GAAP presentations of government-wide and fund financial statements, cash receipts are recognized when received in cash rather than when earned and susceptible to accrual, and cash disbursements are recognized when paid rather than when incurred or subject to accrual.

Generally, except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to sale ninety days following April 15.

C. Basis of Presentation

Budgeted Funds

The fiscal court reports the following budgeted funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary sources of receipts for this fund are state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of receipts for this fund are reimbursements from the state and federal governments, payments from other counties for housing prisoners, and transfers from the general fund. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

C. Basis of Presentation (Continued)

Budgeted Funds (Continued)

Local Government Economic Assistance Fund - The primary purpose of this fund is to account for grants and related disbursements. The primary sources of receipts for this fund are grants from the state and federal governments.

State Grants Fund - The primary purpose of this fund is to account for state grant monies received.

Federal Grants Fund - The primary purpose of this fund is to account for federal grant monies received.

Disaster Emergency Services Fund - The primary purpose of this fund is to account for disaster and emergency expenses of the county. The primary sources of receipts for this fund are federal and state grants.

Flood Fund - The primary purpose of this fund is to account for flood damage clean-up and flood mitigation expenses of the county. The primary sources of receipts for this fund are federal and state grants.

Sheriff's Asset Forfeiture Fund - The primary purpose of this fund is to account for additional law enforcement expenses of the Woodford County Sheriff's office. The primary sources of receipts for this fund are forfeiture cash.

County Clerk Permanent Storage Fund – The primary purpose of this fund is to account for receipts and disbursements related to the County Clerk's permanent storage of county records. The funds are used for the maintenance of records and for the facilities used to store those records.

Opioid Settlement Fund – The primary purpose of this fund is to account for revenues received as a result of the opioid settlement related to oxycontin. Funds received under this settlement are to be used in efforts to reduce the illicit use of opioids. This fund should be budgeted in subsequent fiscal years.

American Rescue Plan Act Fund - The primary purpose of this fund is to account for grants and related disbursements. The primary source of receipts for this fund are federal grants received under the American Recovery Plan Act.

Debt Services Fund - The primary purpose of this fund is to account for debt service payments. The county has debt obligations related to their general obligation bonds for the Falling Springs Community Center and the park expansion.

Unbudgeted Funds

The fiscal court reports the following unbudgeted funds:

Public Properties Corporation Fund - The primary purpose of this fund is to account for the proceeds and debt service of revenue bonds that were issued to fund construction of public buildings.

Jail Commissary Fund - The canteen operations are authorized pursuant to KRS 441.135. The profits generated from the sale of items are to be used for the benefit and to enhance the well-being of the inmates, or to enhance safety and security within the jail. The jailer is required to maintain accounting records and report annually to the county treasurer the receipts and disbursements of the jail commissary fund.

D. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting according to the laws of Kentucky as required by the state local finance officer, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

The state local finance officer does not require the jail commissary fund to be budgeted because the fiscal court does not approve the expenses of this fund.

E. Woodford County Elected Officials

Kentucky law provides for election of the officials listed below from the geographic area constituting Woodford County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statement of the Woodford County Fiscal Court.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

F. Deposits and Investments

The government's fund balance is considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition. The government's fund balance includes cash and cash equivalents and investments.

KRS 66.480 authorizes the county to invest in obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

Note 1. Summary of Significant Accounting Policies (Continued)

G. Long-term Obligations

The fund financial statement recognizes bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as disbursements. Issuance costs, whether withheld from the actual debt proceeds received or not, are reported as disbursements. Debt proceeds are reported as other adjustments to cash.

Note 2. Deposits

The fiscal court maintained deposits of public funds with federally insured banking institutions as required by the Department for Local Government's (DLG) *County Budget Preparation and State Local Finance Officer Policy Manual*. The DLG Manual strongly recommends perfected pledges of securities covering all public funds except direct federal obligations and funds protected by federal insurance. In order to be perfected in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the fiscal court and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk, but rather follows the requirements of the DLG *County Budget Preparation and State Local Finance Officer Policy Manual*. As of June 30, 2025, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

Note 3. Transfers

Note 4. Custodial Funds

Custodial funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. In accordance with the regulatory basis of accounting, custodial funds are not presented on the financial statement.

The fiscal court has the following custodial fund:

Jail Inmate Fund - This fund accounts for funds received from the inmates. The balance in the jail inmate fund as of June 30, 2025, was \$28,943.

Note 5. Leases

A. Fiscal Court as Lessor:

1. Tennis Court Complex

In 2021, Woodford County Fiscal Court began leasing a property known as the Tennis Court Complex to the Board of Education for Woodford County. The lease is for 20 years and Woodford County Fiscal Court received a one-time payment of \$30,000 in 2021. There is an option to renew the lease if both parties agree. If Lessor takes action to terminate the lease early, Lessee is entitled to a pro rata reimbursement based on remaining number of months left on the lease. Lessee may terminate lease at any time but would not be entitled to a reimbursement. Woodford County Fiscal Court did not recognize any revenue during the current year. As of June 30, 2025, Woodford County Fiscal Court did not show a receivable for this lease.

2. Community Stadium Football/Soccer Complex

In 2018, Woodford County Fiscal Court began leasing a property known as the Community Stadium football/soccer complex to the Woodford Youth Soccer Association, Inc. The lease was for five years with a four- year extension. The lease was extended in 2023. Woodford County Fiscal Court will receive monthly payments of \$200 for the months of December through March. Woodford County Fiscal Court recognized \$800 in lease revenue during the current fiscal year related to this lease.

Note 7. Employee Retirement System

The fiscal court has elected to participate, pursuant to KRS 78.530, in the County Employees Retirement System (CERS), which is administered by the Board of Trustees of the Kentucky Retirement Systems (Ky. Ret. Sys.). This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Effective April 1, 2021, the Kentucky Public Pension Authority (KPPA) was created by KRS 61.505 to provide staffing and daily administrative needs for CERS and Ky. Ret. Sys. The CERS nine (9) member board of trustees is responsible for the governance of the CERS pension and insurance plans.

The county's contribution for FY 2023 was \$1,586,375, FY 2024 was \$1,581,324, and FY 2025 was \$1,494,429.

Nonhazardous

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 6 percent of their salary to be allocated as follows: 5 percent will go to the member's account and 1 percent will go to the Ky. Ret. Sys. insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own accounts. Nonhazardous covered employees contribute 5 percent of their annual creditable compensation. Nonhazardous members also contribute 1 percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the Ky. Ret. Sys. Board of Directors based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A member's account is credited with a 4 percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Note 7. Employee Retirement System (Continued)

Nonhazardous (Continued)

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008, must meet the rule of 87 (member's age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

The county's contribution rate for nonhazardous employees was 19.71 percent.

Hazardous

Hazardous covered employees are required to contribute 8 percent of their salary to the plan. Hazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 9 percent of their salary to be allocated as follows: 8 percent will go to the member's account and 1 percent will go to the Ky. Ret. Sys. insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan.

Members in the plan contribute a set percentage of their salary each month to their own accounts. Hazardous members contribute 8 percent of their annual creditable compensation and also contribute 1 percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the Board of Directors based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A hazardous member's account is credited with a 7.5 percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55. For hazardous employees who begin participation on or after September 1, 2008, aspects of benefits include retirement after 25 years of service or the member is age 60, with a minimum of 60 months of service credit.

The county's contribution rate for hazardous employees was 38.61 percent.

Other Post-Employment Benefits (OPEB)

A. Health Insurance Coverage - Tier 1

CERS provides post-retirement health care coverage as follows:

For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are as follows:

Years of Service	% Paid by Insurance Fund	% Paid by Member through Payroll Deduction
20 or more	100%	0%
15-19	75%	25%
10-14	50%	50%
4-9	25%	75%
Less than 4	0%	100%

Note 7. Employee Retirement System (Continued)

Other Post-Employment Benefits (OPEB)

A. Health Insurance Coverage - Tier 1 (Continued)

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003, earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Hazardous employees whose participation began on or after July 1, 2003, earn 15 dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Upon the death of a hazardous employee, the employee's spouse receives ten dollars per month for insurance benefits for each year of the deceased employee's hazardous service. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Benefits are covered under KRS 78.5536.

B. Health Insurance Coverage - Tier 2 and Tier 3 - Nonhazardous

Once members reach a minimum vesting period of 15 years, they earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent cost of living adjustment (COLA) since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

Tier 2 member benefits are covered by KRS 78.5536. Tier 3 members are not covered by the same provisions.

C. Health Insurance Coverage - Tier 2 and Tier 3 - Hazardous

Once members reach a minimum vesting period of 15 years, they earn fifteen dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent. Upon the death of a hazardous employee, the employee's spouse receives ten dollars per month for insurance benefits for each year of the deceased employee's hazardous service. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent COLA since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

Note 7. Employee Retirement System (Continued)

D. Cost of Living Adjustments - Tier 1

The 1996 General Assembly enacted an automatic cost of living adjustment (COLA) provision for all recipients of Ky. Ret. Sys. benefits. During the 2008 Special Session, the General Assembly determined that each July beginning in 2009, retirees who have been receiving a retirement allowance for at least 12 months will receive an automatic COLA of 1.5 percent. The COLA is not a guaranteed benefit. If a retiree has been receiving a benefit for less than 12 months, and a COLA is provided, it will be prorated based on the number of months the recipient has been receiving a benefit.

E. Cost of Living Adjustments - Tier 2 and Tier 3

No COLA is given unless authorized by the legislature with specific criteria. To this point, no COLA has been authorized by the legislature for Tier 2 or Tier 3 members.

F. Death Benefit

If a retired member is receiving a monthly benefit based on at least 48 months of service credit, KPPA will pay a \$5,000 death benefit payment to the beneficiary designated by the member specifically for this benefit. Members with multiple accounts are entitled to only one death benefit.

Ky. Ret. Sys. Annual Financial Report and Proportionate Share Audit Report

Ky. Ret. Sys. issues a publicly available annual financial report that includes financial statements and required supplementary information on CERS. This report may be obtained by writing the Kentucky Public Pensions Authority, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

Ky. Ret. Sys. Annual Financial Report and Proportionate Share Audit Report (Continued)

KPPA also issues proportionate share audit reports for both total pension liability and other post-employment benefits for CERS determined by actuarial valuation as well as each participating county's proportionate share. Both the Schedules of Employer Allocations and Pension Amounts by Employer and the Schedules of Employer Allocations and OPEB Amounts by Employer reports and the related actuarial tables are available online at <https://kyret.ky.gov>. The complete actuarial valuation report, including all actuarial assumptions and methods, is also available on the website or can be obtained as described in the paragraph above.

Note 8. Deferred Compensation

Woodford County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by the Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax-sheltered supplemental retirement plans for all state, public school and university employees, and employees of local political subdivisions that have elected to participate.

These deferred compensation plans permit all full-time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing the Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing the Kentucky Public Employees' Deferred Compensation Authority at 501 High Street, 2nd Floor, Frankfort, KY 40601, or by telephone at (502) 573-7925.

Note 9. Flexible Spending Account

Woodford County Fiscal Court established a flexible spending account to provide employees an additional health benefit. The county has contracted with a third-party administrator to administer the plan. Each employee determines the amount to be withheld from their paycheck. Employees can receive reimbursement either through a debit card or by submitting a claim to the third-party administrator. Woodford County Fiscal Court did not contribute to this plan during fiscal year ended June 30, 2025.

Note 10. Insurance

For fiscal year ended June 30, 2025, Woodford County Fiscal Court was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 11. Tax Abatements

A. More Than A Bakery, LLC

The occupational tax license fee is eligible for abatement under the authority of the Kentucky Business Investment Program (KBI) offered by the Kentucky Cabinet for Economic Development. More Than A Bakery, LLC is eligible to receive this tax abatement by employing 310 new hires. The taxes are abated allowing the company to retain one-half of one percent (.5%) of occupational tax license fees which would be paid by new employees from their salaries and wages. For the fiscal year ended June 30, 2025, the company had not met the requirements and Woodford County Fiscal Court did not abate any occupational tax license fees.

B. Peristyle, LLC

The occupational tax license fee is eligible for abatement under the authority of the Kentucky Business Investment Program (KBI) offered by the Kentucky Cabinet for Economic Development. Peristyle, LLC is eligible to receive this tax abatement by employing 100 new hires. The taxes are abated allowing the company to retain one-half of one percent (0.5%) of occupational tax license fees which would be paid by new employees from their salaries and wages. For fiscal year ended June 30, 2025, the company met the requirements and Woodford County Fiscal Court abated occupational tax license fees in the amount of \$28,914.

C. Lakeshore Learning Materials, LLC

The Occupational Tax license fee was abated under the authority of the Kentucky Business Investment Program (KBI) offered by the Kentucky Cabinet for Economic Development. Lakeshore Learning Materials, LLC is eligible to receive this tax abatement by employing 100 new hires. The taxes are abated allowing the company to retain one-half of one percent (.5%) of occupational tax license fees which would be paid by new employees from their salaries and wages, however, Lakeshore Learning Materials, LLC paid it all up front and requested a refund. For fiscal year ended June 30, 2025, the company met the requirements and Woodford County Fiscal Court abated occupational tax license fees in the amount of \$185,400.

WOODFORD COUNTY
NOTES TO FINANCIAL STATEMENT
June 30, 2025
(Continued)

Note 12. Conduit Debt

From time to time, the county has issued bonds to provide financial assistance to Woodford County for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest, in accordance with KRS 103.210.

This debt may take the form of certain types of limited-obligation revenue bonds, certificates of participation, or similar debt instruments. Although conduit debt obligations bear the Woodford County Fiscal Court's name as issuer, the fiscal court has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf it is issued. Neither the fiscal court nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statement. As of June 30, 2025, conduit debt has been issued but the amount currently outstanding is not reasonably determinable.

Note 13. Commitments and Contingencies

The county is involved in multiple lawsuits. While individually they may not be significant, in the aggregate they could negatively impact the county's financial position. Due to the uncertainty of the litigation, a reasonable estimate of the financial impact on the county cannot be made at this time.

WOODFORD COUNTY
NOTES TO REGULATORY SUPPLEMENTARY
INFORMATION - BUDGETARY COMPARISON SCHEDULES

June 30, 2025

Note 1. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting according to the laws of Kentucky as required by the state local finance officer, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

NOTES TO OTHER INFORMATION - REGULATORY BASIS
SCHEDULE OF CAPITAL ASSETS

June 30, 2025

Note 1. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported as other information. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

	<u>Capitalization Threshold</u>	<u>Useful Life (Years)</u>
Land Improvements	All	10-60
Buildings	\$ 25,000	10-75
Building Improvements	\$ 25,000	3-25
Equipment	\$ 2,500	3-25
Vehicles	\$ 2,500	3-25
Infrastructure	\$ 20,000	10-50

Note 2. Capital Assets – Restatement of Beginning Balance

The beginning balance of Capital Assets has been restated based on corrections made to the balances presented in the prior year. The beginning balance in asset categories Vehicles, Equipment, and Infrastructure have been decreased to reflect additional asset deletions omitted in prior years.

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

The Honorable James Kay, Woodford County Judge/Executive
Members of the Woodford County Fiscal Court

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Woodford County Fiscal Court for the fiscal year ended June 30, 2025, and the related notes to the financial statement which collectively comprise the Woodford County Fiscal Court's financial statement and have issued our report thereon dated April 23, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Woodford County Fiscal Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Woodford County Fiscal Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Woodford County Fiscal Court's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance And Other Matters

As part of obtaining reasonable assurance about whether the Woodford County Fiscal Court's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*
(Continued)

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Honorable James Kay, Judge Executive
and Members of the Woodford Fiscal Court
103 S. Main St. – Room 200
Versailles, KY 40383

RE: Zoning Map Amendment and General Development Plan – Lutoff Equestrian LLC – 2108
Huntertown Rd – RR/RF to A-1

Dear Judge Kay:

On Thursday, May 14, 2026 the Versailles-Midway-Woodford County Planning and Zoning Commission made a recommendation regarding the above referenced Zoning Map Amendment. The motion was entered into the record as follows:

Motion was made by Ms. Isberg, as seconded by Mr. Wells to approve Application 2026-020 - Lutoff Equestrian LLC – Zoning Map Amendment with condition upon General Development Plan and that it is consistent with the adopted Goals and Objectives of the Comprehensive Plan to rezone a property on a tract of land containing 43.419 acres located at 2108 Huntertown Road, Versailles KY. The requested zone change is from Rural Residential (RR) / Residual Farmland (RF) to Agricultural (A-1). No further discussion. Motion carried with nine (9) aye votes.

Attached hereto is a copy of the application, exhibits and all supporting documents, including a copy of the draft minutes. The Commission hereby submits this information to the Woodford Fiscal Court with the recommendation that this request for a Zoning Map Amendment be approved.

Sincerely,

A handwritten signature in blue ink that reads "Kim O'Reel".

FINDINGS REQUIRED FOR ZONING MAP AMENDMENT

In order for the Planning Commission to make a recommendation for a zoning map amendment, it must make findings of fact in support of its recommendation. Please provide a detailed explanation as to:

- How the proposed zoning map amendment is in agreement with the 2018 Comprehensive Plan, including compliance with the adopted applicable Land Use District Map;
- Why the original zoning classification of the property in question is inappropriate or improper; or
- What major economic, physical or social changes, if any, have occurred in the vicinity of the property in question that were not anticipated by the Comprehensive Plan and which have substantially altered the basic character of the area, which make the proposed amendment to the Official Zoning Map appropriate. This explanation shall contain a list of such specific changes, a description as to how said changes were not anticipated by the comprehensive plan, a description as to how said changes have altered the basic character of the area and a description as to how said changes make the proposed amendment to the official zoning map appropriate.

Please check (✓) one of the above findings of fact and cite specific evidence to address such finding in the space provided below. Please attach additional sheets if more space is needed.

COMPREHENSIVE PLAN REVIEW

Selected Goals and Objectives from Chapter One of the Woodford County Comprehensive Plan state the following:

GENERAL PROCESS GOAL: Ensure that the processes and activities of the Versailles-Midway-Woodford County Planning and Zoning Commission occur in a fair and efficient manner and that the Commission will recognize that property owners have the right to enjoy the lawful use of their property in pursuit of their own best interests, both social and economic, yet recognize also that the ownership of property confers responsibilities. Use of private property should not interfere with the health or safety of neighboring property owners or occupants or deny neighboring property owners those same inherent rights. The Versailles-Midway-Woodford County Planning Commission's Statement of Goals and Objectives serves as a guide for the physical development and economic and social well-being of the community. The Commission creates processes that balance the public and private interests through the implementation of processes that are fair and efficient.

OBJECTIVES:

- Encourage citizen input from divergent interests within the community.
- Allow adequate time for concerned citizens to address the Commission within the spectrum of public hearings.

TRANSPORTATION GOAL: To provide the citizens of Woodford County with a well-planned and coordinated system of major thoroughfares, neighborhood streets and non-motorized trails that are safe, cost effective, and adequate for their surroundings.

OBJECTIVES:

- Promote and encourage projects to minimize through traffic on main streets and narrow residential streets including but not limited to alternate routes.

GENERAL LAND DEVELOPMENT GOAL: Provide for the proper organization of land use to ensure: an increasingly safe, healthy and convenient environment for the residents of the County, and; adequate land in appropriate locations for all land uses by utilizing the Land Use Districts (ie: Future Land Use Map) to guide daily decision-making regarding land uses and development proposals in order to minimize the adverse impacts of developments.

OBJECTIVES:

- Encourage future land development to be located in centralized compacted patterns and ensure the highest and best possible usage of land by utilizing the Land Use Districts (ie: Future Land Use Map) to guide land uses and development proposals.
- Strive to provide a balance between recreational, tourist, unique natural areas, cultural attractions, and any development that might harm the surrounding physical environment near such attractions.

NATURAL RESOURCE CONSERVATION GOAL: To encourage and promote the conservation and protection of Woodford County's natural resources such as agricultural, scenic, cultural, archaeological, geological, and biological sites.

- Support strong functional small communities through planning and land use regulations, designed to encourage the stability of existing rural settlements.

AGRICULTURAL USE GOAL: To protect and promote the county's agricultural economy and character.

OBJECTIVES:

- To provide sufficient agricultural land so as to protect the County's agricultural economic base and productivity potential.
- Protect agricultural land from urbanization and incompatible land uses in order to provide adequate resources for all agricultural production.
- Conserve the unique elements of the County's agrarian character, such as the horse farms, in order to promote tourism and its related economic benefit.

- Preserve the integrity of the area zoned agricultural in the county by requiring that residential, commercial and industrial development shall only occur in areas appropriately zoned or designated by the Comprehensive Plan.

TOURISM GOAL: To promote and support the economic growth of tourism in Woodford County by connecting local tourism-related businesses and activities with customers, vendors, and one another.

OBJECTIVES:

- To encourage the increase of Woodford County's share of the Bluegrass area's tourist dollars.
- To encourage the development of tourism-related businesses including but not limited to the bourbon industry, wine production, and the railroad.
- To encourage cooperation among the various local interests that serve as attractions for visitors, i.e. hotels, motels, restaurants, museums, bed and breakfast houses and short term rentals.
- To support and encourage the preservation of historic sites, archaeological sites, unique scenic areas, and horse farms that attract the traveling public.

Additionally, the Woodford County Comprehensive Plan states the following in Chapter V:

Chapter Five of the Comprehensive Plan states the following: Area Wide Development Policies. The following development policies apply to all development within the community. They apply equally to development occurring in areas heretofore undeveloped and infill development proposals. These policies are generally applicable across planning areas and are listed separately in this section so that they need not be repeated in the descriptions or criteria and policies applicable specifically to those areas.

Policy #	Area Wide Policy Description
1.	New development and redevelopment within the 100-year floodplain is discouraged. Any necessary development within the 100-year floodplain should incorporate mitigation measures that minimize its impact on the floodplain and protect the development from flood damage.
2.	Areas proposed for development should be assessed for the presence of sinkholes. Where sinkholes are found, development, although not discouraged, should incorporate appropriate measures so as to minimize the impact on ground water and to avoid structural instability.

3.	Development should occur in areas where there is existing infrastructure and public services or where they are easily provided in order to minimize public costs associated with those services.
4.	Reuse and redevelopment of existing parcels and structures, versus development of vacant parcels, is encouraged. Such projects, when involving appropriate uses and densities, should require minimal review.
5.	Except as otherwise provided, the size and scale of all development and redevelopment should reflect and be complimentary to the character and style of surrounding developed areas.
6.	Developers should incorporate where possible and practicable the protection of all natural resources into their development proposals to create unique additions to the community while protecting the natural environment. These natural resources include but are not limited to questionable soil types, wetlands, floodplains and steep slopes.
7.	All areas designated for development are understood to be appropriate for recommended use types and densities at any time assuming infrastructure and required services are available or will be made available. However, development proposals for areas adjacent to previously developed areas are considered to be particularly suitable and as such are encouraged. Such projects, when involving appropriate uses and densities, should require minimal review.
8.	Except in the Small Community areas and approved Rural Residential areas, new development should occur only in areas where sanitary sewers are available from public agencies and can meet the additional demand as determined by those agencies.
9.	New development should occur only where there is adequate public water supply and pressure for fire protection services, the finding of adequacy based on data from and the opinion of the water provider.
10.	Extensions of utility service will be the responsibility of developers with public agency participation possible where utility service extensions are needed and desired to serve larger areas and are appropriate future expansions of the utility.
11.	Access points along major arterials from new developments should be minimized to the extent possible. New developments should be interconnected with existing developed areas and allow for interconnection with adjacent undeveloped areas in order to provide alternative means of ingress and egress as well as to allow efficient means of providing public services.

COMPREHENSIVE PLAN LAND USE DISTRICTS

The Rural District. The Rural District consists of all land outside the Urban Service Areas, Small Community District, Agricultural/Equine Preserve District and Kentucky River Environs District. It contains a diverse set of uses, ranging from rural residential cluster subdivisions to farms to crossroads communities such as Troy. The compatible integration of human activities within the rural setting is the focus of this District, and it is clearly intended that the rural character of these lands be preserved.

Many of these rural areas are undeveloped due to the lack of public services or have other site constraints. These areas provide many important benefits to the landowner and community such as agriculture, water filtration, flood protection, and wildlife habitats. The use of the lands in this rural district should be primarily reserved for agricultural operations, open space, agricultural tourism activities, and limited low-density residential including in-family conveyances in order to support Woodford County's agricultural economy, rural landscape, and rural cultural heritage.

Rural District - General Development Policies/Guidelines Checklist

Policy #	General Development Policy/Guideline Description
1.	Agricultural lands and operations should be encouraged by the use of various land use techniques including but not limited to conservation easements and right to farm regulations and limited residential clustering.
2.	Agricultural tourism related land uses should only be permitted as an accessory land use to a principal use that is agricultural related. Lands approved for an agricultural tourism related use should remain in the same ownership as the principal use.
3.	Proposed driveways to State and County roads should be coordinated with the appropriate local and state road departments to maximize site distance while minimizing the impact to the corridor.
4.	Rural residential clusters and small community developments should be designed to minimize the need for cut and fill operations that would significantly alter the natural topography and drainage patterns of the site.
5.	The relationship of dwellings, farm accessory structures, country roads and open space is a primary element defining rural character. When new dwellings and accessory structures associated with rural residential development are proposed, the siting of such structures should be accomplished in a manner that preserves or enhances long views and vistas, complements existing structures, and does not adversely impact existing agricultural operations of adjoining property owners.
6.	Entrances to farms and dwellings from country roads represent opportunities for identification and can be an important rural design element. Farm and rural property owners should be encouraged to use these opportunities for identification in a way that would complement the rural character of Woodford County and add interest to the countryside as viewed from country roads.
7.	On-site sanitary sewer systems associated with eco-tourism activities or rural development should be reviewed by the Health Department to ensure an appropriate placement of the system with regard to steep slope areas, rock outcroppings and potential sinkholes, and groundwater conditions.
8.	Site and building lighting for proposed uses should be reviewed in order to determine that off-site impacts are minimized.

Rural District - Infrastructure Policies Checklist

Policy #	Infrastructure Policies Description
1.	All development shall be served by a public water provider and should maintain adequate water pressure as specified by applicable water district.
2.	All development shall not incorporate sidewalks.
3.	The Planning Commission should utilize then current level of service (LOS) information for affected thoroughfares to help determine the extent of desired street connectivity between adjoining land uses. Where the LOS is determined to be "D", "E", or "F", the Planning Commission should place a greater emphasis on the need for multiple connections, particularly to alternate thoroughfares. If the proposal creates and or retains a LOS "E" or "F" the Planning Commission and legislative bodies should not approve the proposal. Careful consideration should be given to location of access points given issues with narrow roadways, terrain and farm traffic.
4.	Storm water runoff should be managed using techniques reflecting the state of the art at the time of development with due consideration given to safety in a mixed use primarily residential environment. Storm water runoff should be managed using techniques reflecting the state of the art at the time of development with due consideration given to the environment and farming operations.
5.	Where sanitary sewers are not available, development should occur with onsite sewage disposal systems approved by the appropriate public agency.

ZONE CHANGE & GENERAL DEVELOPMENT PLAN REVIEW

Article IV of the Zoning Ordinance, Section 409.3 - Application Requirements. Application for amendment of the Official Zoning Map shall be filed with the Planning Commission in accordance with this section and shall contain the following:

- A. **Demonstration of Appropriateness.** Any application for amendment to the Official Zoning Map shall be submitted with a written detailed explanation as to the following:
1. How the proposed map amendment would conform to the Comprehensive Plan;
 2. Why the original zoning classification of the property in question was inappropriate or improper;

3. What major economic, physical or social changes, if any, have occurred in the vicinity of the property in question that were not anticipated by the Comprehensive Plan and which have substantially altered the basic character of the area, which make the proposed amendment to the Official Zoning Map appropriate.

B. **Development Plan.** As a condition to the granting of any amendment to the Official Zoning Map, the Planning Commission is authorized to require the submission of a Development Plan. The Development Plan shall be filed in accordance with the provisions and requirements of Sec. 410, Development Plans. Where agreed upon, this Development Plan shall be followed and shall be binding on all parties. A Development Plan may be either a General Development Plan or a Site Development Plan or both as specified by Section 410.

C. **Traffic Impact Study.** Any development requiring the submission of a Traffic Impact Study shall illustrate the effect of the proposed project on the surrounding roadways and intersections. Such effect shall be measured against the existing level of service standard and circulation patterns for the roadways affected by the proposed development's impact. Any project which proposes:

1. Greater than 50,000 square feet of non-residential space; or,
2. Greater than 50 residential units; or,
3. Any other use generating 500 or more average daily trips, shall be required to submit a Traffic Impact Study.

Exceptions to this requirement may be approved after consultation between the applicant, the Planning Commission and affected agencies (City or County and/or KYTC). The applicant must provide documentation, in writing, from all affected agencies, exempting their particular development from the TIS requirement.

D. **Other Concurrent Applications.** Applications for Variances, and/ or Conditional Use Permits may be filed concurrently with the application for Official Zoning Map Amendment on the same property to be considered by the Planning Commission for a map amendment.

Article IV of the Zoning Ordinance, Section 410.1 - Purpose and Intent of Development Plan Review:

A. The Development Plan is a review procedure whereby the Planning Commission may determine the character and objectives of the proposed development in order to ascertain the following:

1. Impact the development will have on capacity of community facilities and services.
2. Impact the development will have on the character of the neighborhood.

ZONING ORDINANCE - REVIEW & FINDINGS

Article IV of the Zoning Ordinance, Section 409.5 - Planning Commission Action. The procedure for obtaining a Zoning Map Amendment shall be the same as defined in KRS Chapter 100 and in addition, as follows:

- A. The Planning Commission requires, as a condition to the granting of a Zoning Map Amendment, the submission of a General Development Plan. Where agreed upon by the applicant, the General Development Plan shall be followed and binding upon the applicant, his heirs, successors, and assigns.
- B. If the Planning Commission considers a General Development Plan concurrently with an application for Zoning Map Amendment pursuant to KRS 100.203(2), the Commission shall vote upon the application for Zoning Map Amendment at the same time as it considers the applicant's request that the General Development Plan be a condition to the granting of the Zoning Map Amendment. The recommendation of the Planning Commission to approve a Zoning Map Amendment shall be conditioned upon compliance with the submitted General Development Plan and enforced accordingly.
- C. The Planning Commission and applicant may agree to amend the General Development Plan during the public hearing. In such case, the revised General Development Plan shall be prepared by the applicant within 14 calendar days of the approval of the Planning Commission. If the revised General Development Plan, has not been submitted to the Planning Commission within 14 days, the Commission may hold a public hearing to rescind the approval on the next available agenda.
- D. No Development Plan approved by the Planning Commission shall permit the development or use of land in a manner prohibited by this Ordinance. To the extent a condition of a Development Plan may purport to grant such permission, it shall be deemed in conflict with the zoning district regulations and be void and of no effect.

Article IV of the Zoning Ordinance, Section 409.6 - Review Criteria, Findings Required. In their review of a map amendment, the Planning Commission shall consider and make findings on the following matters:

- A. The map amendment is in agreement with the adopted Comprehensive Plan, or, in the absence of such a finding,
- B. That one or more of the following apply and such finding shall be recorded in the minutes and records of the Planning Commission of the legislative body or Fiscal Court:

1. The original zoning classification given to the property is inappropriate and that the proposed zoning classification is appropriate;
2. There have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in the adopted Comprehensive Plan and which have substantially altered the basic character of such area.

Article IV of the Zoning Ordinance, Section 409.8 - Condition of Enactment of Map Amendment. The following condition shall apply to the enactment of any Zoning Map Amendment; Building permits for improvement of the subject property shall be issued only in conformance with the elements of the General Development Plan and, where required, a Site Development Plan.

Article IV of the Zoning Ordinance, Section 409.9 - Action on Concurrent Applications

- A. In the event the applicant files for a Variance or Conditional Use Permit concurrently, the Planning Commission shall hold the public hearing concurrently with the map amendment.
- B. For the purpose of carrying out this subsection, each requested Variance or Conditional Use Permit shall be considered as separate applications and shall otherwise be administered, advertised and handled in accordance with the requirements of this Ordinance and KRS 100 except that notice by mail for the Zoning Map Amendment shall include notice for the Variance or Conditional Use Permit and shall state that these items will be concurrently heard by the Planning Commission.
- C. The Planning Commission shall assume all the powers and duties otherwise executed by the Board of Adjustments in considering a Variance or Conditional Use Permit but shall only have this authority when the subject Variance or Conditional Use Permit is being considered concurrently with property being considered for a map amendment.

Article IV of the Zoning Ordinance, Section 409.10 - Parties Bound by Development Plan. The Development Plan, General or Site, enacted under the provisions of Section 410, including any amendment thereto, shall be binding upon the property and the owner at the time of approval by the Planning Commission, his heirs, successors in title, personal representatives, assigns, the Planning Commission and legislative bodies.

KRS 100.213 - FINDINGS

100.213 Findings Necessary for Proposed Map Amendment

Before any map amendment is granted, the planning commission or the legislative body or fiscal court must find that the map amendment is in agreement with the adopted comprehensive plan, or, in the absence of such a finding, that one (1) or more of the following apply and such finding shall be recorded in the minutes and records of the planning commission or the legislative body or fiscal court:

- (a) That the existing zoning classification given to the property is inappropriate and that the proposed zoning classification is appropriate;
- (b) That there have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in the adopted comprehensive plan and which have substantially altered the basic character of such area.

CONDITIONAL USE PERMIT REVIEW & FINDINGS

Article IV, Section 407.4 Review Criteria - The Board of Adjustments (*Planning Commission when reviewing a CUP concurrently with a Zone Change Request*) shall approve an application for a Conditional Use Permit if, and only if, the applicant has demonstrated that the proposed use and any associated development:

- A. Granting the Conditional Use Permit does not substantially conflict with the purposes of this Ordinance;
- B. Will be consistent with the "Intent" statement for the district in which it is located;
- C. Will be compatible with existing uses adjacent to and near the property;
- D. Will not be hazardous, detrimental or disturbing to present surrounding land uses due to noise, glare, smoke, dust, odor, fumes or other general nuisance;
- E. Will not otherwise adversely affect the development of the general neighborhood or of the district in which the use is proposed;
- F. Will be consistent with existing and planned pedestrian and vehicular circulation adjacent to and near the property;

- G. Will have adequate water and sewer supply, stormwater facilities, transportation facilities, waste disposal and other public services;
- H. Will be developed in a way that will preserve and incorporate any important natural features of the site; and
- I. Will conform to any specific criteria or conditions specified for that use elsewhere in this Article.

Article IV, Section 407.5 Findings Required - The Board of Adjustments (*Planning Commission when reviewing a CUP concurrently with a Zone Change Request*) shall make the following findings prior to approval of any Conditional Use Permit.

- A. The use is not detrimental to the public health, safety or welfare in the zone in which it is proposed.
 - B. The use will not contribute toward an overburdening of utility services.
 - C. The use will not result in increased traffic congestion, additional parking problems, substantial increase in population density, environmental problems or constitute a nuisance.
 - D. That the use otherwise meets the requirements of this Ordinance.
-

SUGGESTED MOTIONS

DRAFT

ON THURSDAY, FEBRUARY 12, 2026, THE VERSAILLES-MIDWAY-WOODFORD COUNTY PLANNING AND ZONING COMMISSION HELD THEIR REGULARY SCHEDULED MEETING AT 6:30 PM IN THE 2nd FLOOR COURTROOM OF THE COURTHOUSE.

Madam Chair Stepp called the meeting to order at 6:30 p.m.

PLEDGE OF ALLEGIANCE

Members Present: Chad Wells, Rich Schein, Tim Middleton, Floyd Greene, Chris Sharp, Doug Curl, Whitney Stepp, Karen Isberg, Randal Bohannon.

PC Staff attorney Henry Smith was present.

MINUTES: Motion was made by Ms. Isberg, as seconded by Mr. Middleton to approve the April 9, 2026 minutes, as submitted. Motion carried with eight (8) aye votes and one (1) abstention (Wells).

NON-PUBLIC HEARING ITEMS

Antony & Natalee Bays have applied for an approval of a Subdivision (Minor Plat) on a tract of land containing 0.456 acres located at 341 N Winter Street, Midway, KY. The property is zoned Medium Density Residential (R-3).

Madam Chair called upon Kim O'Reel (staff) for comments. Ms. O'Reel noted that the final record plat was proposing to divide the tract into three single family lots for construction of three single family homes. One lot will front First Street and two lots will front N. Winter Street. Ms. O'Reel noted that this property had recently been in front of the Planning Commission as a zone change. Ms. O'Reel distributed an updated version to the Commission which included a minor 15' sanitary sewer easement. The plat went through TRC with no deficiencies. No further comments.

Madam Chair asked if anyone was prepared to take action.

Motion was made by Mr. Schein, as seconded by Mr. Greene to approve Application 2026-018 - Antony & Natalee Bays - Subdivision (Minor Plat) on a tract of land containing 0.456 acres located at 341 N Winter Street, Midway, KY. The property is zoned Medium Density Residential (R-3). No further discussion. Motion carried with nine (9) aye votes.

Bogdan Svintozelsky has applied for an approval of a Subdivision (Minor Plat) on tracts of land containing 0.456 acres located at 4750 Fords Mill Road, Versailles, KY. The property is zoned Agricultural (A-1) and Two-Family Residential (R-2).

Madam Chair called upon Ms. O'Reel for comments. Ms. O'Reel noted that the tract of land consisted of 51.17 acres and this property had been before the Commission last year as a zone change but had been withdrawn. This minor plat creates two one acre lots on Fords Mill Road in the R-2 zoned part of the property. Steve Hunter, Planning Director, noted that there was existing zoning at the intersection and

shared aerial on the monitors. The plat went through TRC and all deficiencies were corrected. No further comments.

Madam Chair asked if anyone was prepared to take action.

Motion was made by Ms. Isberg, as seconded by Mr. Sharp to approve Application 2026-021 - Bogdan Svintozelsky - Subdivision (Minor Plat) on tracts of land containing 0.456 acres located at 4750 Fords Mill Road, Versailles, KY. The property is zoned Agricultural (A-1) and Two-Family Residential (R-2). No further discussion. Motion carried with nine (9) aye votes.

PUBLIC HEARING ITEMS

Liftoff Equestrian LLC have filed an application to rezone a property on a tract of land containing 43.419 acres located at 2108 Huntertown Road, Versailles KY. The requested zone change is from Rural Residential (RR) / Residual Farmland (RF) to Agricultural (A-1).

Liftoff Equestrian LLC have filed a Conditional Use Permit Application on a tract of land containing 43.419 acres located at 2108 Huntertown Road, Versailles KY. The Applicant proposes the operation of a Short Term Rental Facility.

Madam Chair opened the public hearing and called upon Mr. Hunter for comments. Mr. Hunter noted that the applicant was applying to rezone the property back to agriculture and also applying for a Conditional Use Permit to operate a Short Term Rental facility. Mr. Hunter noted that they would need the CUP to operate the Short Term Rental if the zone change was successful. Mr. Hunter shared an aerial and the plat on the monitor and noted that the property was 43.419 acres and zoned rural residential and was an active equestrian facility. Mr. Hunter noted that the property was zoned to Rural Residential and Residual Farmland in 1999 containing four lots. It was never developed or platted. Mr. Hunter noted that the applicant was participating in the meeting via Zoom. Mr. Hunter reviewed/summarized the staff report for the zone change. Mr. Hunter reviewed the staff report for the Conditional Use Permit. Mr. Hunter discussed the conditions for the CUP and noted that the Commission could add conditions.

Madam Chair asked the applicant if they would like to speak or if they had someone present on their behalf.

Justin Watts, applicant/owner noted that he didn't have anything to add except going into this he was unaware that the Rural Residential was ineligible for short term rental. He was aware that the property had four lots on it when he purchased the property but had no interest in that; he is not a developer, he is a farmer. Mr. Watts noted that they saw the short term rental as another income revenue because of the proximity to Keeneland for two months out of the year and they have clients that come in and try potential horses for sale or they come in for horse shows. It falls in line with their business plan.

Madam Chair asked if anyone from the public wished to speak. No one from the public spoke.

Ms. Isberg questioned if they would be adding another driveway or using the existing driveway. Mr. Watts noted that they would use the existing driveway and did not have plans to add another one.

Madam Chair closed the public hearing. Madam Chair asked if anyone was prepared to take action on the zone change.

Motion was made by Ms. Isberg, as seconded by Mr. Wells to approve Application 2026-020 - Lutoff Equestrian LLC – Zoning Map Amendment with condition upon General Development Plan and that it is consistent with the adopted Goals and Objectives of the Comprehensive Plan to rezone a property on a tract of land containing 43.419 acres located at 2108 Hometown Road, Versailles KY. The requested zone change is from Rural Residential (RR) / Residual Farmland (RF) to Agricultural (A-1). No further discussion. Motion carried with nine (9) aye votes.

Members of the Fiscal Court:

In May 1991, the Fiscal Court adopted a resolution establishing a usage fee for certain property owners to help offset the cost of fire hydrants serving their area. At that time, a motion was approved creating a service district in Gaybourne and assessing a fee to households within the district. The fee has since been added annually to the affected property owners' tax bills. In 2000, Glenhaven was added as a service district through similar action.

Since the establishment of these service districts, ownership of many of the affected properties has changed. As a result, the original petition process requiring approval from at least fifty percent of the property owners within the district would no longer reflect the wishes of the current property owners. Additionally, in recent years, fire hydrants have been installed in other areas of the county without requiring nearby residents to bear the cost through a special assessment.

The residents of Gaybourne and Glenhaven are county taxpayers who already contribute to the funding of fire protection services through their existing tax obligations. Furthermore, the annual audit routinely identifies concerns regarding the administration of this fee, as it must be manually added to individual tax bills and is not approved annually as part of the Fiscal Court's regular tax rate process.

Given these considerations, and recognizing that the total annual revenue generated by the fee is approximately \$1,700, it is recommended that the Fiscal Court eliminate the hydrant usage fee currently assessed to properties within the Gaybourne and Glenhaven service districts and repeal the resolution establishing those service districts for the purpose of collecting this assessment.

Sincerely,

Woodford County Judge/Executive
James Kay
